

Holiday Schedule

- New Years Day
- Memorial Day
- Fourth of July
- Labor Day
- Thanksgiving Day
- Christmas Day

When a holiday falls on a weekday, collection will not occur, and the remainder of the week, collection is delayed by one day.

Keep Del Mar Clean and Green

While enjoying your stay in the City of Del Mar, please remember to be good stewards of the environment and help the City achieve its diversion goals. Whether you are catching the waves at the beach, shopping downtown, or just relaxing at your rental unit, remember to reduce the amount of waste you generate, and take advantage of the many recycling and diversion programs available to you while visiting Del Mar.

Recycling is mandatory in the City of Del Mar, and it is the responsibility of residents and guests of the city to participate in the many programs offered. Please familiarize yourself and make use of these programs during your stay.

Residential Waste and Recycling Services

Depending on what type of rental unit you stay in, a single family residence or a multi-unit building, there is a container available to you to separate your trash and recycling.

For single family residences, wheeled carts are used for waste collection. The gray cart is for trash, and the blue cart is for recycling. Please roll these carts out to the street by 6:00 am on service day. The carts should be spaced a minimum of one foot apart and not blocked by parked cars or other obstacles. The cart handles face the house. Also, the City code requires that waste containers be off the streets by noon the day after collection.

Multi-unit buildings normally use a green dumpster for trash and blue wheeled carts for the collection of recycling. These containers are shared by all the tenants or guests.

Divert Useful Material From Landfills

Participate in the following recycling and diversion programs available to you during your stay to reduce trash and recycling collections, and help Del Mar achieve its zero waste goals! Those programs marked with an asterisk (*) are available only for homes who use and place the wheeled carts at the street.

* **Bulk Item Collection** - For large bulky items that do not fit in the wheeled carts, such as furniture, appliances, and electronic items such as televisions, computer monitors and printers, Waste Management will collect them separately. You must call to schedule the items at least 24 hours before the normal service day.

* **Used Battery and Cell Phone Collection** - To properly dispose of household batteries and used cell phones, simply place these items in a sealed storage bag and place them on top of the blue recycle cart. Waste Management will collect and recycle these items.

Shred Events - Twice a year a shred event is scheduled for the safe destruction and recycling of sensitive documents for residents and businesses. In addition to shredding, these drop-off events include medications, Sharps, CFL bulbs, household batteries and cell phones. Limitations of these items apply and will be advertised prior to the event. Events are normally held in January and July.

Christmas Tree Recycling - Two weeks following Christmas, Waste Management will pick-up trees curbside for single family homes. For multi-unit complexes, a drop-off site for the trees is located at the City's public works yard at 2240 Jimmy Durante Blvd. All trees should be void of lights, decorations, and tree stands. Flocked trees are not recyclable and will be picked up as trash.

Recycling Tips

Place used household batteries and cell phones on top of the recycling cart in a sealed storage bag for collection.

Use reusable dinnerware and utensils. Paper plates and plastic utensils are not recyclable.

Leaves, shrubs and other yard debris is recyclable. Check with your property management on how to handle this material.

Use reusable bags when shopping or spending the day at the beach. Plastic bags do not go in the recycling cart.

Where Does It Go

Recycle

You can now place it in one cart!

- Plastic containers
- Water bottles/juice bottles/milk jugs
- Aluminum/tin cans
- Cardboard/12-pack soda boxes
