Article 10 - Health Insurance

10.1 The parties agree the City has the right to provide this insurance by self-insurance, through an insurance company, or by any other method which provides the coverage outlined. Unless otherwise recommended by the insurance committee, the City shall make health insurance plans with at least two (2) insurance providers available for employees. 10.2 Prior to changing the current method of coverage, the City shall discuss the change with the Union.

10.3 Contingent Health Insurance Re-Opener: During the term of this agreement and in the interest of working with employees regarding alternative and/or additional health plan providers and/or plan program definitions, the City may in its discretion, re-open specific sections of Article 10 – Health Insurance as it deems appropriate. The scope of this re-opener shall be identified in its notice to the Union and offer to meet and confer.

10.4 City Contribution to Health Insurance:

During the term of this Agreement, the City shall make monthly contributions toward health and dental insurance premiums as provided in the table below

- 10.8 Employees who retire from the City of Del Mar will have the opportunity to bear the entire cost of their access to the City's health insurance programs and that continued access to health insurance benefits will require the approval of existing health insurance providers which is believed likely but not guaranteed by the City. In making any amendments to such contracts City shall have the right to agree to those terms and conditions to such amendments, if any, necessary to implement this benefit, so long as any such amendments provide access to health insurance programs as contemplated herein.

In the event the current health insurance providers deny retiree access to health insurance benefits at any time during the term of this Agreement, the City shall have no obligation to contract for additional health insurance programs which provide access to health insurance benefits for retirees. Nothing herein contained is intended to guarantee the availability of any particular health insurance program to be offered to City's employees and retired employees. The retiree health insurance availability is at the sole discretion of the City Manager and can be terminated at any time.

- 10.9 The City will provide an onsite skin cancer screening for all field employees in the Public Works, Community Services, and Planning & Community Development (Code Enforcement Division) departments at least once per year, and at no cost to the employees.

- 11.2 The committee shall meet annually prior to the renewal of the plan coverage to conduct its investigation and evaluation.
