Sorry I did not see this today. Kathy explained where the stairway will go and that's fine with me. No objection.

Hi Pat,

Would it help if I came by your house to review the plans with you? I was going to meet Kathy at 1:00 at City Hall, but I can swing by her house too.

Dear Jean:

I think you were asking me today re: wooden steps to the north. I think this will be fine but I need to find out where these will be and need to talk to Ron Corio to find out. I can go up there and see him on Friday morning
