Reference # ADR21-050

Hello,

My name is Melissa Wilson and I own the home at 545 Rimini Road in Del Mar. Our neighbors next door at 549 Rimini Road are planning to install an AC unit under their back deck. I am fully in support of this placement. It's well suited for the property and out of the way. The other alternative would be to place it along the fence line between my home and theirs and our much used outdoor dining and kitchen is in that immediate area. The noise pollution from the AC unit would interfere with our daily living and family meal times. I do hope you agree to grant them permission to place it under their deck, which appears to be out of the way and the best option.

Sincerely,

--
