Background

On July 12, 2021, the City Council authorized formation of Utility Undergrounding District (UUD) 1A (Stratford Court South). UUD 1A includes 56 poles and 7,500 linear feet of overhead conversion to 11,165 linear feet of underground trench from 4th Street to 12th Street, including 227 properties and 464 residences.

The City's contractor has substantially completed most of the contract work for this project and the notified property owners within the UUD have installed lateral conduits. The utility companies have largely completed the installation of cables and connections, service cutovers, and overhead removals. The final remaining step is pole removals.
