

**RED DOT LETTER**

**City Hall/Town Hall Project Design**

**Item 11/12**

Dear Mayor Corti and City Council Members,

I am submitting this RED DOT Letter in SUPPORT of the most recent exterior design of our New City Hall as depicted in the illustrated picture provided by the project architect.

The architectural team has listened to the community and has made the modifications necessary for acceptance by the residents of Del Mar. Please do everything possible to get these outside design features adopted at your City Council meeting tonight.

Thank you,

Hershell Price  
Del Mar resident
