Please note that I support the petition requesting balanced traffic circulation with one set of ingress/egress on both 10th and 11th street instead of ingress/egress only on 11th street. I am out of town which is why I am responding by email in lieu of signing the petition in person.

Dear Jas:

Thank you for making me aware of this effort.

I support this petition and wish to have more input when I have a chance. I am out of town and will address it when I return.

Best Regards,
Debra

Dear Jas:

Would you be able to take this signed petition to City Hall for me?

I support the petition, but am out of town this week.

Thank you,
Clayton Fuller
