CITY OF DEL MAR

Boards & Commissions

DESIGN REVIEW BOARD

The Del Mar Design Review process is intended to preserve and improve the scenic amenities of Del Mar and to protect the city's natural environment, its scenic vistas and the community's overall aesthetic quality. The Design Review process encourages good design, including the use of harmonious materials and colors, and the appropriate use of landscaping. In addition to protecting the city's scenic and natural resources, the Design Review process also has the desired effect of protecting property values.

As part of the review process, application proposals are evaluated for their consistency with the provisions of the Del Mar Community (General) Plan and with the City's Zoning Ordinance as well as consistency with the applicable Design Review standards, found in the Design Review Ordinance (DRO). The Design Review Board's review involves an evaluation of a structure's placement and size, the materials and colors to be used, and in the case of a new structure, the type and extent of the landscaping proposed. It also involves an evaluation of the project's compatibility with surrounding development.

This board was established by Ordinance 129, and Ordinance 465.

MEASURE Q CITIZEN OVERSIGHT COMMITTEE

In 2016, the Del Mar voters passed the Measure Q ballot initiative creating a one cent transaction and use tax (sales tax). As part of the ballot initiative, the City was required to establish the Measure Q Citizen Oversight Committee to review, provide oversight, and report annually to the City Council on Measure Q Fund revenues and expenditures. A primary responsibility of the Committee is to verify that Measure Q revenues are properly set aside in a separate fund, known as the Measure Q Fund, for projects approved by the City Council and that related expenditures are accurately tracked. The Committee will report to the City Council at a public meeting annually. Providing input on how Measure Q fund will be spent is not a responsibility of the Committee.
