## Checklist for Determination of Construction Project Priority

Based on Federal, State, and local regulations, project applicants must submit stormwater documentation for all construction projects. Responses to this checklist represent an assessment of the proposed project construction impacts. Results of the checklist will classify a project as one of the following: High Priority Construction Project or Standard Construction Project. If additional information is needed while completing this checklist, please contact the City Clean Water Program at [cleanwater@delmar.ca.us](mailto:cleanwater@delmar.ca.us) or (858) 755-9313.
