

Dwight Worden City Councilmember Candidate Statement

As your Mayor, I know that governing Del Mar has become incredibly challenging in recent years.

We face significant state-imposed housing mandates. We urgently need to get the tracks off our bluffs, which can only happen in close collaboration with all stakeholders (Del Mar, SANDAG, NCTD, Coastal Commission).

Undergrounding presents complex but solvable issues. Environmental sustainability, sea-level rise, and climate change are more urgent than ever.

I bring a “deep dive” approach to complex issues. I have a proven track record finding practical solutions while respecting divergent viewpoints. My extensive background and skill set put me in a unique position to help Del Mar meet our goals consistent with our Community Plan.

My roots in Del Mar are deep. As a resident since 1981, former City Attorney (1977-1983), community volunteer, councilmember and Mayor, I have decades of work protecting Del Mar and championing resident priorities.

My two terms as Mayor demonstrate my commitment to civil discourse, to building consensus, and to bringing people together when contentious issues have been divisive.

I ask for your vote. In turn, I pledge to listen, to be civil to all, and to work hard for Del Mar every day.
