

CONSTRUCTION NOTICE

Full Rail Closure Between Oceanside and San Diego, January 11–12

Night and Weekend Rail Work Planned

Trains will cease operation on the Los Angeles – San Diego – San Luis Obispo (LOSSAN) rail line between Oceanside and Downtown San Diego on Saturday, January 11, and Sunday, January 12. During this time, SANDAG construction crews will work on stabilizing the bluffs in Del Mar.

No trains will operate beginning Saturday morning around 12:30 a.m. through 5 a.m. on Monday morning. This rail closure will allow crews to work day and night throughout the weekend. Crews will install steel piles (long pieces of steel to stabilize the bluffs) south of 4th Street and pour concrete to reinforce the existing piles near the tracks between 7th Street and Seagrove Park.

Construction vehicles will frequently enter and exit construction sites in Del Mar, including the North Torrey Pines State Beach Parking Lot, 8th Street, 11th Street, 12th Street, and the Coast Boulevard railroad crossing. Starting as early as 9 p.m. Friday, January 10, **drivers may see temporary parking restrictions and traffic signs, guiding barriers, and flaggers in these areas.** Walking trails near the North Torrey Pines Road and Carmel Valley Road intersection and at the ends of 11th and 12th Street may be temporarily closed throughout the weekend.

Residents close to construction areas may notice worksite lights and equipment noise, including required backup alarms. Residents west of Camino Del Mar may hear loud, ongoing noise from large drilling equipment. **This equipment will operate continuously, day and night, throughout the weekend.**

There will be no safe way to pass through designated construction areas during the work. **Please do not attempt to enter construction zones;** it is dangerous to trespassers and crews when unauthorized people enter an active work site.

Note: Construction schedules are subject to change.
